

REMINDER

Please remember that your child should not remain on the MAST campus for pick up from school beyond 2:45 p.m. for personal reasons. Students remaining after school for an approved activity will be supervised by a teacher/advisor until the designated pick up time.

Students cannot remain on the campus waiting for a parent pickup for other reasons unless approved by the principal if there is an after-school sponsored activity, after school academic support that supervised by a teacher.

Thank you for your cooperation.

Please feel free to contact me should you have any questions or concerns.
